Mrs. Marjanski has the intention of taking her Used Lincoln Automobile with her. Please send us information on what she has to do. Must she get a permit from the U.S. Government to take the auto with her? Who gives that permit?

Also she wants to know if there is any duty that must be paid to the French Government for this auto?

She also would like to know how much money she can take with her? Is there any limit.

Dear Sir,

In reply to your letter of June 24, please be informed that to take an automobile into France and keep it there permanently, first one has to obtain an import licence from the "Office des Changes" 8, rue de la Tour des Dames in Paris.

If that licence is issued, the importer has to pay, upon clearing with the French custom, a duty of 57 % of the value of the car.

If Mrs. Marjanski is going to France as a tourist, she may bring her car without any duty on a three months permit which is renewable.

For further details, I would suggest that your client gets in touch with the nearest office of the "American Automobile Association".
